

WEATHERMAKER® 8000 – 58WAV

GAS FURNACE

ENERGY-EFFICIENT PERFORMANCE AT 80% AFUE

ENJOY ECONOMICAL HEATING COMFORT WITH A CARRIER WEATHERMAKER® 8000 GAS FURNACE.

EFFICIENT HEATING

The Carrier WeatherMaker 8000 gas furnace provides the efficient, reliable indoor weather you deserve. With 80% AFUE (Annual Fuel Utilization Efficiency), the WeatherMaker 8000 will keep you comfortable while maximizing the energy efficiency of your entire indoor weather system.

QUALITY

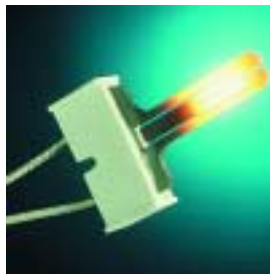

Built by the most trusted name in the home comfort industry, the WeatherMaker 8000 is a quiet, economical addition to any home. The inducer fan maximizes heat transfer and has been designed to minimize noise and vibration. The cabinet is lined with a special acoustical insulation to reduce sound levels. Our advanced microprocessor precisely controls furnace operation for optimum comfort and energy efficiency.

RELIABILITY

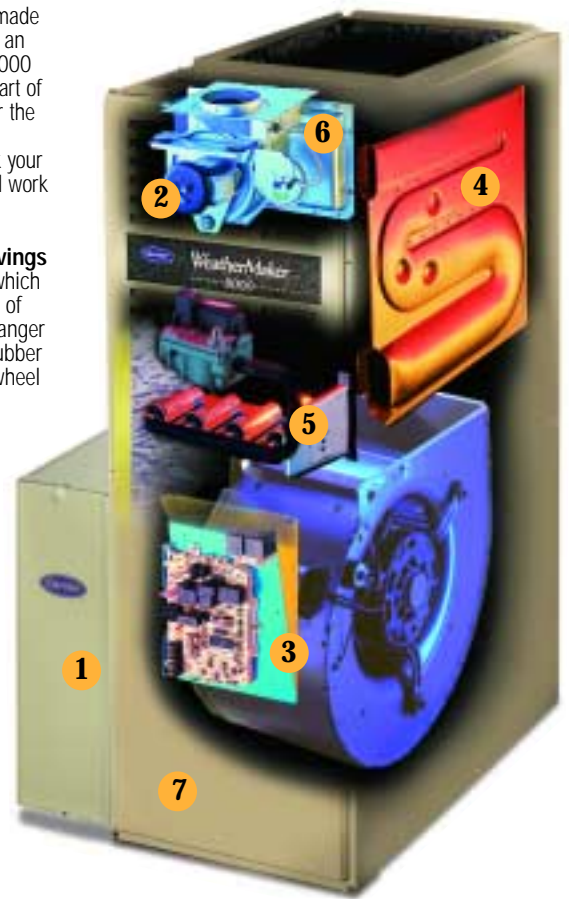

The reliable, long-lasting comfort of the WeatherMaker 8000 makes this furnace a smart choice. The solid construction of this furnace ensures comfort and long-lasting performance. The WeatherMaker 8000 gas furnace offers custom made indoor weather for your home.

TECHNOLOGY

- Enhanced indoor air quality** is made easier with our air cleaner cabinet, an accessory for the WeatherMaker 8000 gas furnace. When installed as a part of your system, this cabinet allows for the easy and convenient addition of a Carrier high-efficiency air filter. Ask your dealer if the air cleaner cabinet will work with your specific application.
- Added comfort and energy savings** are provided by the Inducer Fan which precisely draws the exact amount of air needed through the heat exchanger for maximum heat transfer. The rubber mounting assembly and smaller wheel ensure quiet, reliable operation.
- Maximum indoor comfort** is provided by the Furnace Control, minimizing cold drafts with its blower delay. This highly reliable control is equipped with a replaceable fuse, self-diagnostics, an LED status indicator light for efficient service.
- Energy-efficient performance** of the Super-S™ heat exchanger and the inducer fan stretches your fuel dollar with superior heat transfer.

- Reliable, efficient ignition of the burner** is a result of the hot surface ignitor system, allowing for better use of fuel.
- Safe operation** from potentially harmful flue gases is provided by Carrier's exclusive draft safe-guard switch which automatically shuts down the furnace if a common vent becomes blocked.

- Insulated blower compartment** ensures that the WeatherMaker 8000 maintains its efficiency throughout every heating cycle.

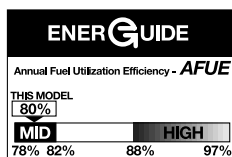

WARRANTY

The Carrier WeatherMaker 8000 offers custom made indoor weather. The heat exchanger is backed by a **twenty-year limited warranty**. The advanced microprocessor and hot surface ignition are protected by a **three-year limited warranty**. The entire furnace is guaranteed with a **one-year limited warranty**. Extended warranties are also available. Ask your Carrier Indoor Weather Expert for details.
